HUMAN LIFE.—Some one compares human life to the kaleidoscope. The fascinating forms it offers to the eye, arrest the hand, enchain the soul, and make us loth to turn the instrument, that other scenes may come in view. Each combination of the dazzling fragments seems so fair that fairer we hope not to find. So it is oft with human life. The heart grows fond of present scenes, and friends, and joys; nor does it think the future can bring aught more joyous or secure. The soul shrinks back from change. For in the countless chances of the future it can see as much of dark as of light, of joy as of grief. Hence, present bliss, though still alloyed, were better far than risk of future ill.

It is not so indeed with all. They only linger thus with transport on the present scenes of life, whose cup, half drained, does not reveal its bitter dregs. They to whom life is full of smiles, and flowers, and joys, they only are content this side the vail that hides futurity. But others, sickened with the painful scenes they daily view, long to rend the vail, and break the spell which hangs about to morrow's doubtful fortune. These have only ill, and every good to them must come amid the revelations of the future. These turn with anxious eye to the kaleidoscope of life, and hasten on to future scenes with eager steps, goaded on their ways by thorns which pierce their feet. But pause or hasten as we will along the track of life, we cannot stop or accelerate the steady turnings of the wheel of fortune.—*Lynchburg News.*

A GRAVE JOKE.—When the elder Mathews lay dying, a bottle of ink was given him by mistake instead of his medicine. On the sufferer being informed of the accident he feebly murmured, "Let me swallow a sheet of blotting paper." Here is a somewhat similar anecdote concerning Foote. Holland, the actor, whose father had been a baker, left directions in his will that a vault should be made large enough to contain three coffins—namely, that of his father which he wished to be removed, his own and his mother's after her d cease. Just as the clergyman was uttering the solemn words, "Dust to dust," a sudden stoppage took place. The people who had built the vault had not left room to admit the coffin. Foote, who was deeply affected at the loss of his old friend, said to his neighbor without raising his eyes, "My dear Palmer, what is the matter?" "Sir," replied Palmer, "they have left the mouth of the vault too small to admit the corpse." Foote now raised his head and exclaimed," The mouth of the vault! Egar, it looks like the mouth of the family oven"

MINING UNDER THE SEA.—There is a vast copper mine in England, where shafts extend many hundred yards under the sea. The moaning of the waves as they dash against the rocks, is forever sounding in those gloomy aisles. When the storms come, the sound of the waters becomes so terrific that even the boldest miners cannot stay below, but leave their work and come out upon the earth. Overhead are masses of bright copper streaming though the gallery in all directions, traversed by a net work of thin red veins of iron, and over all the salt water drips, drips down from tiny crevices in the rock. Immense wealth of metal is contained in these rocks, but no miner dares give it another stroke with his pick axe. Already there has been one day's work too much upon it, as a lunge wedge of wood driven into the rock bears witness The wedge is all that keeps back the sea from bursting in upon them. Yet there are three tiers of galleries where men work day by day, not knowing but at some fatal hour the flood may be upon them, rendering all escape as hopeless as it was in the days of Noah. The awe stricken visitor hurries away from the scene with a heart appalled in view of the hourly dangers.

"EVER OF THEE."—A sad story is connected with the name of the writer of the beautiful song, "Ever of Thee," which has been sung and admired by so many in this country and Europe. Foley Hall was a gentleman by birth and education. Wealthy in his own right, with large expectations, he led a heedless life—not chosing his associates, but allowing himself to be drawn into the society of the vicious. His prosperity soon disappeared, and he was left without the means to buy his daily bread. His musical talents had been highly cultivated, but as he never needed them, he scarcely knew to what degree they could be made available. In his distress, however, he wrote this charming song "Ever of Thee." A London publisher gave him one hundred dollars for it, but that amount, with such a spendthrift, would not last long. He wrote other songs, but the money not coming as fast as he wished in a weak moment he forged the publisher's name, and although every effort was made—even by the publisher—to save him, it was of no use, and poor Foley Hall went to Newgate, and died broken hearted before his trial came on.

Mother Lamartine tells a story that exquisitely illustrates a mother's love: In some spring freshet, a river wildly washed its shores and rent away a bough whereon a bird had built a cottage for her summer home. Down the white and whirling stream drifted the green branch, its wicket cup of unfledged song, and fluttering beside it as it went the mother bird. Unheeding the roaring river, on she went, her cries of agony and fear piercing the pauses in the storm. How like the love of the old-fashioned mother, who followed the child she had plucked from her heart all over the world. Swept away by passion that child might be, it mattered not, though he was bearing away with him the fragrance of the shattered roof tree, yet that mother was with him, a Ruth through all his life and a Rachel at his death.

Recent explorations in the Rocky Mountains have determined that the highest point in these mountains yet measured is Mount Harvard, fourteen thousand two hundred and seventy feet. The climate of the mount is represented as very peculiar. The rains, which are frequent, are always accompanied by thunder and lightning, when dry and clear it resembles a tropical climate.

A Waterbury (Ct.) youth, repentent, but incoherent, over his dissipation, signed the following pledge: "I solemnly promise to abstain from the use of all intoxicating beverages, otherwise than as a drink, and profanity, unless prescribed by a physician, at least four times a day, excepting cider."

KEROSENE LIGHTS PERFECTED!

DANFORD'S

Atmospheric

KEROSENE LAMP.

THE ONLY PERFECTLY SAFE LAMP IN USE.

Artificial Light, of some sort, is a universal necessity; a safe, cheap, and brilliant one is a luxury; a luxury, too, only enjoyed heretofore by those living in large towns or cities where Gas is used. Years of st dy and thousands of dollars annually have been spent by experiments of different kinds, in trying to invent and perfect a Burner or Lamp by which Coal Oil or Kerosene could be burned practicably without the expense and trouble of chimneys; this long looked for and much desired subject has at last been obtained, and is styled the

ATMOSPHERIC KEROSENE LAMP!

Its adaptation to Dwellings, Churches, Railroads, Steamboats, Hotels, Stores, &c., is unsurpassed; in short, this invention brings the invaluable and brilliant Gas Light within the reach of all, whether in the City or Country. It gives the light of a six-foot Gas Burner, for less than one cent per hour, or double the quantity of light, of the ordinary chimney-lamp with one third less oil; will burn, when turned down to a taper light ten hours for one cent; is free from smoke or smell; can be carried from room to room; the wind will not blow it out.

The Lamp is destined to supersede all portable artificial light or chimney lamps now in use, and needs only to be seen to be appreciated; thousand of them will find ready sale in every county, no family that uses this light for one evening will again be annoyed with the chimney-lamps Thousands of them will be used in cities, as this light is one-half cheaper than Coal Gas, and much more pleasant to the eye.

The sole right for the sale of this Lamp can be had for the entire State or the same will be sold by Counties.

Parties purchasing will be supplied, at wholesale, with the lamp and fixtures at reasonable rates.

Immediate application should be made to secure the choice of Counties.

The Lamp can be seen in full operation durning the day and evening at the Yarborough House.

All letters will receive prompt attention and full explanation of the Lamp given.

SAW MILLS.

I AM PREPARED TO PUT UP DOUBLE CIRcular Saw Mills in workmanlike manner for those desiring them.

There are now 440 of these Mills in operation, and in no case have they failed to give entire satisfaction. One advantage of this Mill is, that the sawyer, without changing his position gives the back ward and forward motion to the carriage, with a single lever; and saws the log at both ends at the same time, this is a saving of *one hand* in the mill. This is no humbug. I am responsible for what I say. My residence is 26 miles South of Raleigh, on Neal's Creek. For further particulars address me at Raleigh, N. C.

P. J. WRAY.

I will be at Tyan Adams' Store on the 2nd to the 5th of February, where persons desiring to see me will please call.

READ THE FOLLOWING.

Mr. P. J. Wray, Dear sir:—I am much pleased with my double Circular Saw Mill built by you I can cut a line 14 inches deep, to *best king*, in 45 seconds, with my 42 feet overshot wheel. We have to-day cut 5,000 feet weather-boarding, flooring, and inch board, in eight hours.

Dec 23rd 1869. ALRIDGE PARTIN.

Mr. P. J. Wray:—We are well pleased with our new double action Mill, that you set to work for us. We can cut twice the amount of lumber that we could with the old Mill of 42 inch saw and same water wheel.

GRANVILLE COURT.

We spent the first three days of the present week very pleasantly and peacefully, among old and well-tried friends at Oxford Court. No crowd met us at the depot for a fight; nobody fell down at us, in an attempt to claw us; nobody rose even to a "question of privilege" to abuse and calumniate us.

It was just twenty-seven years ago, the first Monday in this month, since we made our first appearance at the Oxford Bar.—We mean no disparagement to the present Bench and Bar of Granville to say that they are not what they were in former days. The Granville Bar was regarded for many years the first and strongest in the State.—It is not a weak one now; but the loss of such men as Henderson, Seawell, Nash, Iredell, Sanders, Waddell and Mangum, must have taken from it some of its strength. The substitution of Watts for such men as Caldwell, Bailey or Gilliam, is an act of depravity from which the Bench will not speedily recover.

There were no incidents of our journey to Court worthy of an extensive notice.—Capt. Spencer, who drives the hack from Henderson to Oxford, informed us that "honest John Ragland," one of the Granville Representatives, was on the *grand train*, ahead of the stage.

On the trip from Henderson to Oxford, we crossed "Ruin Creek," and Captain Spencer related to us an incident by which it acquired its name.

About seventy years ago, a Dutch peddler, with his pack on his back, made his appearance in Granville, to the great delight of the grandmothers of the girls who now wear waterfalls, and panniers requiring twenty yards more or less to make them a dress. Those said grandmothers only bought seven yards for a dress and had plenty. This Dutchman soon cleared money enough to purchase a horse to carry his pack for him. Passing along the road we were then traveling, the creek being up and no bridge, he attempted to cross, when horse, goods and Dutchman all went down together. The Dutchman got out but the horse and goods were lost. His cries, long and loud, brought a number of neighbors to the spot. Such an accident had never before occurred in Granville. Old Mr. Cheatham, (perhaps grandfather of our enterprising merchants around on Market Square,) was among those who gathered in to condole with old Hans. The women, too, were all in a flutter, as usual, and condoled with the peddler on the loss of such a store of pins and needles, spool-thread, bedkins and hooks and eyes.

Old Mr. Cheatham asked the Dutchman how much his horse cost him? "Dirty dollars." "How old was he?" "Dirty years, sir, und dare he lies, von ruined horse, und I lah von ruined man, und das ish von ruin creek." Such was the story, as it has been handed down, and since that day, "ruin creek" has been the name of the stream.

Not far from Ruin Creek is a rise or hill which, on account of a recent incident, is called, in the neighborhood, "Greasy's Defeat." The incident is this: At the last term of the Granville Court, Judge Watts started to make the trip from Oxford to Henderson with two of the first boys of the latter place, all in the same buggy.—Arriving at this hill, the buggy accidentally upset, spilling the passengers, with Greasy Sam at bottom. There was no damage done to the Judiciary Department by the accident, and no "contempt of Court" charged, though the buggy was considerably smashed.

We now go on to Oxford Court.

On Monday Judge Watts charged the Grand Jury, but wholly omitted the new doctrine inaugurated at Wake Superior Court, that no person was to approach the Grand Jury but through the Solicitor. We think the Judge ought to charge alike at all the Courts of his circuit. We venture the assertion that never before was a Grand Jury so charged; and further, that there was never a Grand Jury convened in North Carolina that was not approached by some citizen to give information of crime committed. Judge Watts held this custom to be wrong in Wake, but says nothing about it in Granville.

The Granville State docket contains about one hundred and twenty cases; mostly for larceny, and breaches of the peace, no capital case among them.

We heard much talk about Tom Young, one of the Blalock murderers. Tom is a Republican "gentleman" of the League, and was raised in Granville. We think Senator Lassiter had better keep his brother leaguers at home, and not allow them to go to Orange to murder Conservatives.—If Governor Holden doesn't pardon Tom Young, as he did John Ledbetter, and the convicted leaguers of Wilson county, Tom will be hung in March, as a lesson and example to the league, and Senator Lassiter will have one vote less next August.

By-the-way, it is proper to state, for the information of our readers, that Pike was "authorized" to say for Gov. Holden, that he had resigned as Grand President of the League. Jordan Potter, one of the most respectable Republicans of Granville, and Vice President of the League, stated and repeated the statement before a thousand people, that Gov. Holden was, and is now, the Grand President of the League in North Carolina. We shall believe Jordan in this cross statement, because he had no motive for telling a falsehood about it. He knows better than Pike, because Pike says himself he is not a member of the League, and Jordan is.

We must omit, for the present, any further notice of our visit to Oxford. We saw and heard a good deal of political and financial matters, worth telling about, and which shall be told hereafter.

AN ALARMING MOVEMENT.

Any one who has read the proceedings of the present Legislature, will have noticed the fact that bills have been introduced, and in many instances passed one House or the other, with a probability of all finally passing both, to allow almost every county in the State to levy and collect special taxes. If it be necessary to collect these special taxes, outside of those laid for county purposes the last fiscal year, it is a terrible necessity, considering the other heavy amounts, Federal and State, besides the ordinary current county expenses that will have to be raised this year. The long and short of it is, the people *cannot stand it*. This continual drain of taxation will drive every man from the State who can get away, and prevent anybody else from coming to fill the vacancies.

The machinery of our present State, county and township governments is too cumbersome, and requires too much money to run it. Instead of things getting better they are getting worse. Taxes are five or six times as high as *ever* before, and yet the State is getting deeper and deeper in debt; the counties are getting deeper and deeper in debt, and now, in addition to the regular burdens, acts are asked for to lay *special* burdens on the people. It won't do—the people can't stand it.

JUST NOW.

There is no better time to open the campaign, than just now, with the opening of the Spring Courts.

The great body of our people get their political information more from the stump than from newspapers or other sources. Members of the Bar or other public speakers should see to it, that speeches be made at every Court, and the people posted on the questions at issue. If the Bar shall be indifferent and inactive, or strain to commit themselves, let the people at every Court call them out to give information of the public mismanagement now going on in the Executive, Legislative and Judicial departments of the government.

One speech is worth a dozen made after the candidates are out and the campaign opened, with the bitter feelings which usually follow.

The colored people are anxious to hear somebody besides Chicken Stevens, Robert Lassiter and John Ragland; they are alike tired of their leaders and their Leagues.—Open the campaign with the Spring Courts.

DON'T DO IT.

We learn that our "cussin," beloved, the Governor, is on the inquiry in Orange for some Conservative who will take a Captain's commission to enable him to execute Shoffner's bill in that county.

Let him execute his own bill, or commission Shoffner, or Victor Barringer, or Col. Moore, of Chowan, to do so. Let Conservatives beware of co operating with Holden in any matter. There was no necessity for the law; it is an abomination in the sight of God, good men and the Constitution.

CEDAR GROVE, ORANGE COUNTY, Feb. 10th 1870.

MR. DOTSON:—I wrote you some months ago of an outrage on the people of this portion of Orange, but as the letter never appeared in your paper I take it some radical post master opened it for money.

Mr. Ed. Parish, and one Mr. Holsgood, both we suppose detectives, searched the houses of some of our most respectable citizens and among them the house of a minister of the gospel. These detectives charged that Mr. John Corbin had tobacco hid in many places and especially in the house of the Rev. Robert Tinnin and others. Mrs. Tinnin in the absence of her husband allowed the detectives to search her house, no tobacco was found.

This threw a damper on the zeal of the detectives, and they were willing to give up the chase or rather the search, but Mr. Corbin insisted they should continue, so they searched the house of Mr. McDade, but no tobacco could be found.

The houses of Mr. Wagner, Mr. Compton and others were searched but no tobacco found. These good people thought themselves greatly outraged by such proceedings, they thought these detectives "too hot on their mush." The only remedy we have, is to publish them, and this we have done, so if the Detectives are satisfied we are.

Yours &c.,

ORANGE.

The letter of Orange did not come to hand; we heard at the time of this searching, but we did not know that it was so general. That is the way to have peace and to make the citizens love the best government the world ever saw.

At 1 P. M. Court adjourned.

The Wilmington *Journal* don't want "Democratic" editors to visit us. When we invite him to visit us it will be time for him to refuse. He shouldn't get mule-ish so suddenly.—*Raleigh standard.*

If by "we" it is to be understood that the Editor of the *Journal* had received no invitation from the present Editor of the *Standard* to visit that office, it is true; but we have received a special invitation from Colonel Pike's employer, General Littlefield, which we promptly declined upon the ground that we had no desire to make that individual's acquaintance, much le s paying him the respect of a formal call.—*Wil. HOUSE OF REPRESENTATIVES.

Senate bill repealing certain acts passed at the session of 1868-'69; making appropriations to certain Railroads Companies. (Published.)

Mr. Stilley moved to refer to the Finance Committee and print.

Mr. Bowman moved to amend by referring to a special committee of eight,) one from each Congressional district and, another, to be selected by the Speaker.)

The yeas and nays were called and the House rejected the amendment by a vote of yeas 33, nays 40.

The question recurred upon Mr. Welch's amendment. The question being divided the question recurred upon the motion to "strike out," the House refused to "strike out."

The question recurred upon Mr. Welch's amendment, and on its being put to a vote was rejected.

The question recurred upon W. T. Haye's col., amendment to strike out that portion which excepts the Northwestern N. C. R R.

Mr. Vestal opposed the amendment in remarks of some length.

Mr. Vest also argued in opposition to the amendment.

The amendment was put to a vote and adopted.

The question recurred upon the amendment offered by

Mr. Moore of Chowan, as a substitute for section 1, "That innocent purchasers of bonds issued under authority of said acts, shall be entitled to the actual cash value paid for the same, upon proving against the State, before the Supreme Court, as required by section 11, act 4, of the Constitution and upon the surrender of said bonds."

Mr. Moore took the floor in support of his amendment.

Mr. Jarvis argued that if section 1st of the bill was stricken out and Mr. Moore's proposition inserted in lieu, the bill would be worse than worthless.

Mr. Pou took ground against the amendment.

Mr. Malone spoke in opposition to the whole bill as he believed it to be a measure of bad faith, &c., &c.

After a long discussion, participated in by various gentlemen,

Mr. Stevens moved the indefinite postponement of the matter.

Mr. Durham said that the Republican party were responsible for this financial condition of the State, and went on to show the difference between the amount of taxation in Gov. Worth's administration and the present one.

He proceeded to show the large amount of taxes which the provisions of the Constitution under which we now live, make it necessary to levy. He then proceeded to describe the wild, reckless, corrupt manner in which the Republican party had administered the State government, &c. &c. Now the consequence of all this recklessness, extravagance, and corruption, when the credit of the State is wrecked, the Republicans are fighting and tearing each other over this repudiation bill. He had just been informed by members of the finance Committee that it was estimated that it would require tax of 50 cents on the $100 worth to pay the ordinary expenses of the Government.

Mr. Durham concluded by saying that the people were totally unable to pay the present large and burdensome taxes and could not possibly pay the immense amount which they will be called on to pay in the future by the present policy of the Government, &c.

The motion of Mr. Stevens, to indefinitely postpone was put to a vote and rejected by the following ballott:

YEAS.—Messrs. Banner, Bowman, Eagles, French, Gilbert, Graham, Hayes, Hodgin, Ingram, Justus, of Henderson, Morrill, Morris, Simonds, Stevens, Sykes, Vest, White, Wilson—yeas 18.

The amendment of Mr. Moore of Chowan, was put to a vote and rejected by a vote of yeas 21, nays 42.

Mr. French moved to amend section 2 by inserting after the word "act" in line 3, the words "shall be returned to the parties from whom they were collected." Lost.

Mr. Moore of Chowan moved to strike out in section 1st all after the enacting clause and insert "That the act making appropriations to the Western Division of the Western N. C. R. R. is hereby repealed. The yeas and nays being called, the amendment was rejected by a vote of yeas 19, nays 43.

Mr. Whitley moved to amend by adding to section 2, the words "to the several counties of the State," and strike out the word "Treasurer" and insert "Auditor."—Adopted.

Mr. Stilley moved to amend the same section by inserting after the word "government" the words "shall be credited to the counties of the State in proportion to the amounts collected from them respectively. Adopted.

Mr. Barnett moved to amend the same section by inserting after the word "State" the word "1870." Adopted.

Mr. Durham moved to amend by inserting after the word "State" "upon the tax to be assessed." Adopted.

The question recurred upon the following substitute offered by Mr. Malone:

R. make the exchange provided for in the preceding section—the State of North Carolina shall be the owner of the whole of said 8,000 shares in the A. & N. C. R. R., and shall be entitled to vote therein in the proportion of the vote she casts upon the stock owned by her, to the vote cast by the private Stockholders, and shall be entitled to appoint two additional directors of said road in the manner now provided by law.

SEC. 5. The State stock in the A. & N. C. R. R. issue in pursuance of this act shall be subject to the same pledges and bound in the same manner to the bondholders of the State, bonds issued in building the N. C. R. R as the State stock in the N. C. R. R.

SEC. 6. The A. & N. C. R. R. Co. shall make no discrimination in rates of freight or passengers against the city of Wilmington or any way station on the W. & W. R. R., but the rules for carrying passengers and like qualities of freight, destined for Wilmington or from Wilmington to points on said Road, shall be the same per mile over said Road as is or may be charged for freights to or from Morehead City or Newbern, and the same for carrying passengers and like quantities and qualities of freight destined to or coming from way stations on the W. & W. R. R., shall be the same as those to and from way stations on the A. & N. C. R. R.

SEC. 7. And if any officer or agent of said company shall violate the provisions of this section, any person injured or suffering loss thereby, may sue the company, or such officer or agent in any Court having jurisdiction of the cause, and recover his actual damages and costs, and in addition thereto, shall recover the sum of fifty dollars as liquidation and settled damages.

SEC. 8. That the State Proxy in the N. C. R. R. Company is hereby instructed to vote for the transfer provided for in the first section of this Act.

SEC. 9. That as soon as is practicable after the passage of this act and the acceptance thereof by the North Carolina Railroad Company, a meeting shall be called of the Stockholders of the Atlantic & North Carolina Railroad, to consider the said transfer herein provided for, at which meeting the State Proxy is instructed hereby to vote for its acceptance.

SEC. 10. That if not sooner called a meeting of the Stockholders of the N. C. R. R. Company shall be held at Greensboro' on the —— day of ——, 1870, for the purpose of considering the transfer herein provided for.

The substitute was adopted.

Harris, of Wake, col., supported the bill.

Mr. French spoke in opposition to it.

Mr. Seymour made remarks of some length in explanation and in favor of the bill.

Mr. French moved to amend by adding an additional section to come in after section 7: "The Company thus formed by the union of said companies shall make no discrimination in rates of charges for the carrying of passengers or freights against the City of Wilmington or any station on the W. & W. R. R., but the rates for carrying passengers and like classes or qualities of freights, to and from those points, shall be no greater for the distance they are carried by the Company to be thus formed than is charged for the same passengers and freights, destined to or from Newbern or Morehead City. And if any officer or agent, of said company shall violate the provisions of this section, any person injured or suffering loss thereby may sue the company, or such officer or agent in any Court having jurisdiction of the cause and recover his actual damages and costs, and in addition thereto shall recover the sum of $50 as liquidation and settled damages.

Messrs. Harris of Wake, col., and Malone argued in opposition to the amendment and in support of the bill.

B. W. Morris col., occupied the floor for sometime in advocacy of the bill and in opposition to the amendment.

Mr. Seymour called the previous question.

The call being sustained, the question recurred upon Mr. French's amendment, which was put to a vote and rejected by a vote of yeas 28 nays 53.

The bill then passed its second reading by the following ballot:

YEAS.—Messrs. Argo, Armstrong, Barnett, Boddie, Bowman, Carson, Carey, Clayton, Davis, Davidson, Dixion, Eagles, Farrow, Gahagan, Gilbert, Graham, Green, Harris, of Franklin, Harris, of Wake, Ingram, Long, of Chatham, Malone, Mayo, Moore, of Chowan, Morrill, Morris, Nicholson, Pearson, Reynolds, Seymour, Sinclair, Simonds, Snipes, Stanton, Stevens, Stilley, Thompson, Vest, Welch, White, Wilkie, Williams, of Harnett, Wilson—yeas 42.

NAYS.—Messrs. Barnes, Blair, Cawthorn, Cherry, Crawford, Durham, Ellis, Forkner, Foster, French, Gatling, Gibson, Grier, Hicks, High, Hinnant, Hodnett, Hoffman, Horney, Kelly, of Davie, Kelly, of Moore, Leary, McCanless, McMillan, Mendenhall, Moore, of Alamance, Painter, Price, Proffit, Ray, Renfrow, Robinson, Shaver, Siegrist, Smith, of Alleghany, Smith, of Martin, Smith, of Wayne, Sweat, Vestal, Whitley, —nays 40.

On motion, the rules were suspended in order to put the bill on its third reading.

Mr. Sinclair moved to print and make special order for Wednesday.

G. W. Price, col., moved the indefinite postponement of the bill.

After a lengthy debate, the yeas and nays were called upon the motion to indefinitely postpone the bill and the House rejected the motion by a vote of yeas 37 nays 44.

After further debate the bill was ordered to be printed and postponed until Monday week.

By Mr. French: A bill to enable the Charlotte, Wilmington and Rutherford Railroad to complete their road. Referred.

On motion the House adjourned.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

THE SENTINEL.

CITY AND STATE ITEMS.

FRIDAY, FEBRUARY 18, 1870.

Mr. Thos. N. Ramsay, as Business Clerk, is authorized to make contracts and give receipts, &c., &c.

New Ads.—Jones has valentines at half price.

Reward for a mare stolen.

See the advertisement of Kittrell's Springs Female College—liberal proposition for those not prepared to meet the "advance" feature of the terms usually exacted.

Prof. S. Adams Lee.—The many friends of this accomplished gentleman and popular Lecturer, will be glad to learn that he has been invited, and has accepted the invitation, to deliver a course of Lectures on the selected Astronomy, at the University of Virginia, during the coming Spring.

"The Home."—This Company, under the efficient management of those into whose hands its affairs are placed, enters upon its second year under most favorable auspices in every respect. It has issued a large number of policies; it has promptly met all its losses, and has the means required by law to meet all that may occur in the future.—Our people may safely take out policies in this Company, and we advise all to do so, as a prudent precaution against loss in these days of incendiarism.

Wyman had a crowded house again last night. A large number of prizes were distributed both Wednesday night and last night. On Wednesday night one of our citizens drew twelve dollars in greenbacks, and others got nearly as valuable prizes. We could not get a list of those drawn last night before going to press.—Exhibition again to-night and Matinee to-morrow 2 o'clock P. M.

French and Music.—Yesterday we invested an advertisement of M. Crespi, who proposes to give lessons in French; and of Mm'lle Crespi, who will teach English and Music. We made no special reference to the advertisment at the time, because we desired to be better informed in regard to the advertisers before doing so.

We are now convinced upon ample information that M. and Mm'lle Crespi are worthy and accomplished persons, having testimonials of the highest character from distinguished parties in Europe and this country. We therefore recommend them to the favorable consideration of our citizens as worthy of their confidence and patronage.

More Investigation Needed.—We suggest that somebody be appointed to investigate whether the private residence or residences of some State official or officials, is not or are not supplied with fire wood from the Capitol wood yard; and that Friday Jones be summoned to testify; and if he cannot tell anything about it, (and it is likely he cannot or will not, although it is his business to *guard* the Capitol and prevent his friends from stealing the State House and other public property on the Square,) then we suggest that Solomon Bragg, foreman on the State grass lot, be called on and he will tell all about the wood being hauled away to private houses.

The New York *Tribune* of a recent date says, "Governor Warmouth, of Louisiana, stated to a Legislative committee, last week, that he has been offered bribes time and again; $50,000, for instance, if he would sign the Nicholson pavement bill. He says, Auditor Wickliff robbed the State of $500,000."

We publish the above extract for two or three reasons: First, as matter of information to our investigating committee, as to where to send a telegram for Littlefield; as we judge from the facts stated, he must be in that locality; secondly, for the consolation of the people of this State, on the principle that "misery loves company;" they can see that they and the people of Florida are not the only people who thus suffer; and thirdly, as suggestive of the reflection that our Constitution has deprived our State Executive for all time, of the veto power by which th's interesting source of revenue, or perquisites, can never be enjoyed in our State. What a pity!

A Torpid System.

Sometimes, without any assignable cause, the physical strength and animal spirits give way, and a strange torpor falls alike on the body and intellect. There is little or no pain perhaps, but the natural vigor and elasticity of the nervous and muscular system seems to have departed, and an indifference to the pleasures of life, and even of its grave responsibilities, takes the place of that earnest interest in both which characterizes every well balanced mind when in a healthy condition.

This state of partial collapse is often the premonitory symptoms of some serious malady. It indicates unmistakably that the vital powers are languishing and need a stimulant. In such cases the effect of a few doses of Hostetter's Stomach Bitters is wonderfully beneficial. The great tonic wakes up the system from its drowse. The secretions and the circulation receive a new impetus. The relaxed nerves recover their elasticity under the operations of the specific, like the slackened strength of a musical instrument in the process of tuning. Lethargy and debility are replaced by energy and vigor, the spirits rise, and life that almost seemed a burden while the sullen of depression lasted, becomes once more enjoyable. That such a radical change should be produced by a remedy entirely devoid of the powerful alkaloids and minerals so extensively used in modern practice, may seem incredible to those who pin their faith on the medicinal efficacy of active poisons, but if these skeptics will take the trouble to enquire of those who have tested the corrective and alterative virtues of the Bitters under the circumstances described, they will find the statement to be true.

DEMORALIZED AND SCATTERED.

What's the matter with the hands? We never saw so much demoralization in the same number of persons, before. Yesterday we saw Moring coming out from the Capitol, apparently heavily loaded—he described the line of a Virginia worm fence eastward, until he reached the corner of Newbern and Blount streets, when he doubled himself up like a jack knife and composed himself to sleep. Somebody said he was drunk. The last we saw of him three of his colored brother Rads had him in charge going towards the Capitol. And this is one of the Wake county Representatives!

And Here's Another.—About four o'clock we noticed some excitement on Fayetteville street, which on inquiry, we understood was caused by "Hon." Jeemes Harris driving through the street in his buggy accompanied by his brother, a page in the House of Commons, at a rate faster than the law allows. The last we saw of this melee was, that Major Martin, chief of police, had unhitched the Honorable Jeemes's horse and lead him off, leaving the buggy and bystanding in the street. The buggy is said to have been drunk.

It may be that this Representative of Wake was merely seeking a little relaxation, after his effort in abusing carpet-baggers in his speech during the morning session.

Where's prince Laffin? Somebody says he's been drunk a week.

How Thoughtless.—When a man gets married—we mean when he is *first* married, and for a few weeks afterwards,—he is or ought to be as happy as he will ever be; under such circumstances he ought to feel good and act handsomely to his daddy and mammy-in-law and all his new brothers and sisters in law, new uncles, aunts and cousins, as well as more distant relations, and especially ought he to feel under deep obligation to the minister who legalizes and solemnizes his entrance upon his new, happy and blissful state of usefulness.—But we *have* known men who, either from the intoxicating and bewildering influence of so much bliss, or from fright and the novelty of the situation, entirely forget a long-established and very appropriate custom, namely, that of decently conveying to the officiating Clergyman a substantial token of appreciation of his services. We say we *have* known men to do this, but it was very thoughtless, and in the estimation of some ought to be very severely criticized. Whatever may be the cause of neglect in such cases, however, we are sure the parties always feel ashamed of it afterwards.

To the Sentinel.—We have a bill for you—the bill of indictment presented by the grand jury of Craven against A. W. Stevens, radical legislator—upon which he was found guilty, as the records testify—for "taking too much toll." You know to whom we allude—the man that Littlefield loaned $1,200 to, without security.

P. S.—Keep this strictly private, for if it comes to Steven's ears he may be provoked, to our personal injury. So might the valorous ink-linger of the *Newbern Times*.

P. P. S.—Do not fail to be profoundly secret in regard to this matter. The *Times* man now champions the character of carpet-baggers, and if he hears that we have been writing of the little peculiarities of his friend, his rage will be stupendous—in which event he *might* hurt us.—*Journal Commerce*.

Plows.—We learn that Mitchell, Allen & Co., of Newbern, N. C., have procurred Steel Cotton Sweeps, made from the original patterns of David Dixon, Esq., of Georgia, they charge $5 for each, when stocked $7.

This firm is selling a large quantity of plows manufactured by themselves. They sell No. A. 6, 10, 11, and 50 plows at $2.50. Would it not be well for farmers to club in each neighborhood and order together so as to get the freight cheap. Mitchell, Allen & Co., have the agency for the Foster Cotton Planters, and every variety of agricultural implements.

Norfolk, Va., Jan. 7, 1870.

Editor Sentinel, Raleigh, N. C.:

Dear Sir:—Please allow us to state that the freight on Shell Lime has been reduced over half of former rates, on the S. & R., R. & G., W. & W. and N. C. Railroads. VALENTINES—SOMETHING NEW.

Owing to the fact that some who have received Valentines wish to reciprocate, and others who have not, wish to send some, that they in turn may receive, Cupid will allow them to be sent during the entire month of February this year. And in order to assist in this accommodating arrangement, I have just opened a new lot of sentimental ones, which will be sold at half price.

PRATT'S "ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the *best* and *safest* Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astral" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors

MEDICAL.

HENRY'S
CARBOLIC
CONSTITUTION RENOVATOR,
OR
BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all impurities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions and Blotches, Boils, Rheumatism, Waste of Vitality, Scrofula.

We all know that the pronounced vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both he and others infected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and know not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood

BOUNDING THROUGH EVERY VEIN.

It imparts a

Sparkling Brightness to the Eye,
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all Sides.

For all affections of the kidneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbia, Mo., I suffered torturous with running sores Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast." This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures *every* time.

For all Diseases of the
KIDNEYS, RETENTION OF THE URINE, &c.
And for Female Diseases,
Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

CAUTION!—In ordering our remedy always place the number of our Post-Office Box on your letters. The new law in our New York Post-Office compels this.

The Georgia Mutual

IS A HOME COMPANY.

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of LIFE INSURANCE, presenting advantages not offered by any other Company, note the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.

3d. Policies Non-forfeiting after the first payment.

4th. Policies indisputable from any cause save fraud.

5th. No restrictions of Residence, Travel or occupation.

6th. It is a Mutual insurance Company, ninety four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher rates of Interest in the South than North or East, the probability is almost certain that the dividends will exceed those of Northern Companies, this reducing the premiums to their lowest actual cost.

7th. Under the Charter of this Company, Polices of insurance are not subject to the debts of the Insured. Polices in favor of a wife or children are payable to them or their guardians direct.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. Parties about to insure would do well to examine the tables and plans of this company before insuring in any other company. The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

To those desiring it, the Company will issue policies, registered and certified by the Superintendent of the Insurance Department of New York, as "secured by pledge of public stock."

CAPITAL STOCK, (PAID UP,) $150,000.00!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans, and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,43
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 589 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,357 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
